PRODUCE WAREHOUSE

For Equity People--A Few Timely Suggestions Upon a Very Important Matter.

Brother farmers, how long will we continue to sell farm produce for checks? How long will we neglect to label our products with the union label? How long will we continue to peddle produce from house to house and visit a dozen houses, to find the customer who is in need of our products? How long will we be content to take from 25 to 30 per cent. less for home-grown products than the same so-called Northern products bring on the same market when the only real difference in the two consists in the way they have been graded and placed upon the market? One is thrown at the merchant's feet without being graded, sorted, washed or otherwise fitted for market and placed upon the market without any regard for the demands of the market. Today the market is over-crowded. Ten days from now the consumer will have to seek other markets to supply his wants or do without until we take another fit of marketing and loading down our pockets with worthless tin money, which is worse than worthless to us anywhere else except at the merchant's door where we unload.

The other is gathered together by warehouses and cold storage rooms, placed alongside of the railroad track and held in stock (or pool) until there is a demand for it and then shipped out on a moment's warning at a price from one-third to one-half more than we get for the same product.

The difference in the profits in the two methods is enormous. The latter pays a handsome profit, while the former rarely pays the cost of production. We do the work while the other fellow does the business. Our families often do without the necessities of life and our children go without education on account of our unbusinesslike way of placing our products on the market.

How long will present conditions continue with us? Just so long as we remain out of business with our products. Did you ever know of a merchant, banker, lawyer, doctor, blacksmith, planing mill, flour mill or any other branch of business on the face of the earth that could do business without a business house to do business in? We can never get our products together, neither can we sort, grade, label and put our products in the condition that our trade demands, until we have built a Farmers' Produce House, centrally located amongst our best customers, who number from three to four thousand, or more, in Ohio county, besides quite a number of hotels, boarding houses and townspeople and farmers who are consumers of farm products other than the ones they raise themselves.

To the Churches of Ohio County Association.

Dear Brethren:—On page 20 of the minutes of the Ohio County Association for 1906 you can see that the Association established a Sunday School Convention for the promotion of Sunday Schools in the churches of the Association. Of this convention A. B. Gardner was elected president and O. M. Shultz, secretary. Last year twelve of the thirty-six churches in the association reported no Sunday School. Brother, was your church in that list? It is the wish of the Association and also of the officers of the convention that every church report a thriving school this year. We hope that every pastor of a church in the Association and also the members will see that a Sunday school is organized in their church at the earliest possible date. If no school is in progress. The convention will be called to meet in May or June and we earnestly hope that every church will be represented. Please send report of your school to A. B. Gardner as soon as organized. All schools in session please report at once. A. B. Gardner, Ch'm'n.

Rural Route Signals.

Under an order issued last May by the Postoffice Department, patrons of the rural delivery service are required to display signals on their boxes when they leave mail in them for the carriers to collect, as carriers when serving their routes are not required to open and examine any mail boxes except those to which they have mail to deliver and those on which signals are displayed to indicate there is mail for carriers to collect. Those patrons whose boxes are not provided with signals must attach thereto some device which, when displayed, will plainly show passing carriers there is mail to be collected. It is not necessary that such device shall be either complicated or costly; a very simple arrangement will answer the purpose. Carriers must lower the signals on boxes after making collections, provided no mail is left therein; and must display the signal when they deposit mail for patrons, unless the patrons have made request to the contrary.

Union Miners Return to Liberty.

A dispatch from Sturgis, of recent date, says: "Bob Hall and Harvey Springer, two union men who have been in the county jail at Morgantown since last spring, charged with the murder of Henry Ventras, colored, and severely wounding Jackson Weathers, also colored, were this morning given their freedom by the jury. The trial has been going on for several days. The union miners, on receipt of the news, are making known their appreciation of the verdict with shouts and the occasional firing of guns."

WILD WOMAN

From Among the Cliffs of Eastern Kentucky, Appeared to Wood-chopper, Then Fled.

Lexington, Ky., March 23.—Roaming among the cliffs of the Kentucky river, near Buena Vista, in Garrard county, is a wild woman, who was seen to-day for the first time by Tim Peters, a farm hand employed by A. D. Scott, postmaster of Buena Vista.

As devoid of clothes as was Diana, this unfortunate woman walked up on Peters while he was at work chopping wood in the forest of the Kentucky river cliffs. The woman's hair was brown, but disheveled; her finger nails and toe nails were long, but her features were even and her face was pretty. Frightened at the supposed apparition, Peters stood speechless as the woman approached him, her head nodding as if she did not see him nor realize that she was in the presence of a man. Peters called to the woman to halt after she had come within 10 feet of him, and as if startled by his voice, she wheeled and ran off into the woods. A hound belonging to Peters pursued the woman and trailed her to an unexplored cave in a cliff in the forest.

Peters at once went to Scott and reported what he had seen. Scott and others went to the mouth of the cave to explore it.

In the mud at the opening of the cave were the tracks of bare feet, small and well shaped.

The cave in which the wild woman has made her home has never been explored. Legend has handed it down that the cave is haunted, and on account of the superstition of the people of the community, no party has ever undertaken to go through it.

Peters and Scott have secured the promises of a number of persons, who, with guns, axes, ropes and lanterns, have decided to enter the cave and capture the wild woman. She is believed to be an escaped inmate of some asylum.

Sunday School Workers, Notice.

It is pleasant to believe that more schools were in operation during the past winter than ever before in our county. The prospects are equally bright for the summer. It is hoped that every school will have literature to begin the second quarter's work by April 7, 1907. Some churches plan to have mission schools for the season's work.

The Rockport Magisterial District Association will likely hold their meeting in Rockport, April 8, Hartford Magisterial District at Beaver Dam, April 9. All schools in these districts will please arrange to have delegates present. Everybody invited, whether delegates or not. Watch the papers for notice of any change in dates. Let us all try to make this the best Sunday School year in the history of Ohio county.

The Joyful Sunday.

Christmas is the day for childhood, but Easter Sunday is the day for the mature. No wonder Christ enveloped the grave in a golden cloud! What a procession of great ones marching toward the tomb! Gone all the heroes of the Victorian era in England! Gone all our Concord school of essayists and poets! Gone the leaders in the world of finance and invention! Gone our fathers and mothers and little children! But this Easter morn tells us that the all-loving and all-powerful hand of God has lifted the soul over that little rivulet named death and set it down in that land where the day has dawned and the shadows fled away, where the wicked cease from troubling, where the weary are at rest. Christ found death the king of terrors. He left it the king of mysteries. He found the grave a black hole where the soul vanished into nothing; He left it a golden door where God and the soul meet in the

name of an eternal friendship. He found death described by the skeleton and the scythe; He left death an event so beautiful that earth's lilies are not sweet enough to garland a man's tomb. He found death with one color, black, and turned the black to gold; He found death with one song, a dirge, and transformed it into a symphony. What philosophers hoped, Christ knew. Speaking with authority, He said, "Let not your heart be troubled. In my Father's house are many mansions; I go to prepare a place for you." These words make so rich indeed for the flowers of Easter, to wave on the day dedicated to the immortal hope.—Newell Dwight Hillis D. D., in The Delinquent for April.

The announcement of the marriage of Mr. Albert Wooten and Miss Edith Brooks, of Central City, has been made. The wedding will take place some time in April. The groom is a well known business man of Central City and the bride is an attractive young woman. They will reside at Central City.

McHENRY.

[Special to THE HERALD.] Mrs. Dr. J. S. Smith and daughter, Miss Annie, have been attending the Greater Louisville Exposition.

W. B. Chinn was the only farmer from this section to attend the A. S. of E. Convention which was held at Central City, Saturday, March 16th. Mr. Chinn is one of the best supporters of the A. S. of E. hereabouts.

Chas. Hughes, of Broadway, and S. A. Reynolds, of McHenry, delegates to the U. M. W. of A. which was held at Owensboro, from the 12th to the 18th, have returned home.

Water has again made its appearance on the main entry of our mines and caused work to suspend for some time.

W. B. Phelps sold to Burnes Cope, of McLean county, a span of mules for \$377.50, he having recently purchased them from Solon Chinn paying \$275 therefor, thus making a profit \$102.50. Mr. Phelps is one of the best judges of stock in the county.

The convention which was held at Central City by the farmers, recently was not attended by the miners delegation or committee, which should have been done by all means.

Dangers of Pneumonia.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. La Grippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." J. H. Williams.

Blood on Money Caused Arrest

Mayfield, Ky., March 23.—Ben Parker was indicted and arrested to-day charged with the murder of the mysterious man whose body was found a few weeks ago in the ruins of the Parker boarding house here. He was also charged with arson.

It is not known who the murdered man was, but it is certain that he was murdered, as a plain knife-wound over an inch long is in his heart, which is now in possession of Dr. Driskums.

The real clew to Parker's guilt was the spending of a five-dollar bill in Paducah a few days after the murder with a spot of blood on it.

The New Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug Law, as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. H. Williams.

MATZOS

Will be Eaten by Jews for Seven Days, Commencing Friday--Feast of Passover.

The Jewish Feast of Passover, commemorative of the exodus of the children of Israel out of Egypt, will be celebrated by Jews all over the world, commencing next Friday evening. The celebration continues for a whole week, during which matzos, or unleavened bread, is eaten. It begins with a home service called Sedar, during the progress of which there is a recital of the ancient Haggadah, wherein is recounted in song and story the trials and tribulations of the Jews in their flight.

Just preceding the Passover is house-cleaning time among the Jews wherever found, and among the orthodox special pains are taken that not a crumb of bread is left in the home.

At the Sedar service the table is decorated with the finest plate of the family, an extra set being used for the purpose. A special menu is prepared for the occasion, and each viand has some hidden significance. The matzos is intended to recall the flight of the Jews, who did not have time to leaven their bread. The bitter herbs indicate the sufferings of the Jews at the hands of Pharaoh of their forebears. During the feast the whole household partakes of four cups of wine, symbolic of sanctification, service, redemption and grace. Invitations to members of the faith to join in the celebration are extended freely.

Buried Arm Dug up to Ease Boy's Anguish.

Hamilton, Ohio, March 23.—Wishing to relieve the mental suffering of Carl Antenan, aged 15 years, whose arm was cut off last week while he was stealing a ride on a C. & H. and D. freight, the physicians to-day dug up the dismembered arm. Young Antenan, though getting along nicely at Mercy Hospital, continually complained to the Sisters that his "arm" itched, and that the fingers on his right arm (the one amputated) were clinched. When the arm was dug up this afternoon the fingers were found just as the lad had described them to the Sisters, and when he was informed that they had been straightened out he appeared greatly relieved.

Will Fight Liquor Forces.

Bowling Green, Ky., March 25.—Dr. William Turner, one of the most prominent Republican politicians of the State, and who for years has been engaged in the drug and whisky business in this city, created a sensation here by announcing his intention of quitting the whisky business and joining the temperance forces in their fight for prohibition in this city. Dr. Turner had been selected by the liquor people here to lead their campaign in the coming prohibition fight.

OLATON.

[Special to THE HERALD.] March 25.—Mr. C. N. McDaniel's storehouse here burned this morning about 3 o'clock. All the goods contained therein were lost; nothing saved. He had some insurance on the stock of goods and on the house. How the fire caught is a mystery, as there had been no fire in the storehouse for several days. It must have been fired by some one. Mr. McDaniel had just bought Mr. Lon Ragland's farm—price paid \$1,810—and it makes it pretty hard on him.

Erastus Bratcher has sold his house and lot to George Flat. Price paid not known.

J. B. Canan and family spent Sunday with Uncle Thomas Felix and Dr. C. W. Felix and family.

Mr. Babe Hoover, of Friedaland, visited Mr. John Cooksey's family Sunday.

Mr. J. F. Allen and wife went to Rosine Sunday.

Mrs. L. D. Ragland is on the sick list.

Miss Zelma Lyons has returned from Louisville.

Elijah Hoover lost his house by fire last Wednesday. He saved two feather beds and one trunk only.

Mr. Joe T. Daniel went to Louisville Saturday.

Your correspondent will move from Olaton to Sulphur Springs in a few days. While I am moving to a good neighborhood, I am also leaving as good a neighborhood as any one ever lived in. As to accommodating people, Olaton cannot be beat. They are all generous and good-hearted people.

SULPHUR SPRINGS.

[Special to THE HERALD.] March 25.—Rev. Drake filled his regular appointment at Concord Baptist church Sunday.

J. A. Ballard, who has been suffering with the grip for about two weeks, is improving.

Chicken killing seems to go on at Jingo just the same. It looks like some people can do just as they like, regardless of the law.

Argile Murphy is very sick of rheumatism and grip at the residence of his mother, Mrs. Alice Murphy.

Born to the wife of J. A. Howard, near Concord, on the 19th inst., a girl. Mother and child doing well and Alex is supremely happy, as this is his first girl.

Monster Eagle Held Live Lamb.

Ashland, Ky., March 25.—An eagle measuring seven feet eight inches from tip to tip was killed to-day near South Point by Braxton Tursney. It was found to have a half grown lamb, still alive, in its talons.

Many of the huge birds have been seen a considerable distance from the mountains this year, and farmers in the blue grass section, lying close to the hills, say they have sustained heavy loss, due to them. At Claypool a dog owned by Joseph Lee was stolen by an eagle. Chickens have gone almost by the crate.

Jailer Was Just in Time.

At Leitchfield last week an attempt on the part of Paul Hutchinson, Walter Sanders, colored, and Matthew Williams, white, was frustrated to break jail. The prisoners had removed enough brick from the rear wall to permit of the passage of their bodies when Jailer Daniel Downs appeared and forced the men into another part of the lock-up.

Reduced Rates.

Railroads will grant reduced rates from all points in Kentucky to Louisville, April 18 to 20, on account of the Music Festival which will be given on those dates in the new Armory building in that city. The festival will be the biggest musical event ever given in the South. Madame Marcella Sembrich will be the principal soloist.
